One day, I see something
I say help, no one comes to see me
Or help me so much that I'm hurt
They told me nothing

I can't see this
I'm scared to death
What am I going to do
I'm so scared

I can not
See this
I can not
See this

My life is conquered
I can not find
The means, my detriment
Towards yourself, yes towards you

I'm done
I'm lost
My detriment
My immense pain
