Version Anglais

By Lor

Soon light butter
Mine undercover
Highlight summer
Then you got there

Ah I like to eat butter
But you find my colour
Like in butter
Today is the second summer

Break in down

I want to see in the mirror
But I know it's weird
I dream butter
Because it's normally good

The sunlight
The moonlight
You need
The highlight
You never see baby

I just want to know
I just want to eat
Little, middle cool
Letting, reading go

Smooth like butter
My name is Dragon
I know I like it
Because I feel good

Soon my name is weird
Sincerely feeling okay
Like that
I know, I just want to eat more

I just want my new car
My friends eat a butter cake
I prefer to make
I just want to learn that sort of butter
Hello my friends

I want just to go

Because you know what so
Butter it's amazing ingredient
Let's go eat

The sunlight
The moonlight
You need
The highlight
You never see baby

I just want to know
I just want to eat
Little, middle cool
Letting, reading go

Butter
Mother
Brother
Coacher
Sweeter

Letting, reading roll
