I walk alone in a mystery world
They all splutter,I can't understand any word...
I raise my head..I see frightened spirits coming from the west
In a twinkle of eye..I see vampires coming from the east
Oh my God! the place is surrounded with black mist!
I hardly run..then I find myself on a terrible high hill
What is this horrible view! It is such a hell
I hear a fatal yell..
She is a gorgeous girl
besieged by ugly wolves..
They stab her weak corpse with their talons and tear her clothes!!!
She cries,tries to resist..She shrieks,calls for help..but who can hear her squeal??
Those wicked break her weak heart..who will console her in her ordeal??
They manacle her innocent hands with chains..
Frozen her warm heart and fill it with anguish and pains..
They dip her face in a blood swamp
They grab her pure soul..Really..They are too scamp!!
At last,those monsters gibbet her corpse and tear her entity..
They snatch her life and hidden her felicity!
